

MARCH 22-23, 2019

FIX-A-TEST WITH JEANNE MCDONALD

Learn the ins and outs of the new USEF tests from of our pre-eminent judges and trainers

Join us March 22 for an informal evening discussion with Ms. McDonald, and March 23 for a full Fix-a-Test day at Morven Park Equestrian Center. Riders will have 30 minutes sessions to ride their test of choice, after which the clinician will discuss the test results with both the rider and the auditors before the rider re-rides the test.

This will be a very interactive event with time for questions and discussion. Rider applications and auditor registrations are now open.

Details for the March 22 evening discussion will be announced soon. For more information, check our website.
